The *Quo Vadis Institute's* Guided Tours provide introductions to Europe's most iconic Christian centres, as we discuss God and our world.

France's Burgundy and Provence regions are known to offer excellent wine, lavender, and gastronomy. Even more so, there is a rich Christian culture and history that is waiting to be discussed.

Exploring the beauty of the Middle Ages and Renaissance, this trip will engage the foundational aspects of European society, Christian theology, and art.

Join us on our completely organised 9-day guided tour through France and explore with us **Cluny, Beaune, Fontenay, Lyon, Vienne, and Avignon.**

TOUR INFORMATION

Theologians **Dr Andrzej Turkanik** and **Dr Jasper Knecht** will introduce you to the Christians who lived in the places we visit, to their faith, and the ways in which their big ideas and work is still influencing the Christian faith today.

Through a combination of city tours and on-location conversations, we will give those travelling with us a good understanding of some foundational Christian history and theology, whilst enjoying the stunning French cultural backdrop and delicious cuisine.

Come, join us, and see how the God who is at work today, was at work then.
